LUGANA OASI MANTELLINA
2021

Whitewine

Vintage 2021, 0,75 L, VE 6 Bottles/Box

Appellation: Lugana D.O.C.
Grapes: 96% Turbiana, 4% Cortese

The territory

Altitude: 100 m a.s.l.
Exposure: Southwest
Soil Type: Clayey
Training: Guyot

Winemaking and ageing

Harvest: Manual harvest carried out in September
Pressing: Soft pressing of de-stemmed grapes
Ageing: 4 months in stainless steel, 2 months in the bottle

Vintage characteristics

Vintage 2020 was characterized by a dry winter and extremely scarce rainfall in the two months from April to May, with a warmer than average first quarter of the year. These climatic conditions led to earlier initial developmental phases in the vines leading up to flowering, and in the progress of the early ripening stages.
Heavy rainfall in June and July induced considerable vegetative growth and therefore a slowdown in ripening. The exceptional hailstorm at the end of August hit yields of Lugana but substantially spared our vineyards. This situation was immediately kept in check by the prompt intervention of our vineyard experts who, by carrying out bunch selection, left only the best fruits on the vine. The (medium-late) ripening of the grapes was in line with 2014, 2016, and 2019, with a 5/6-day delay compared to 2018, a 14-day delay compared to 2015, and a 15-day delay compared to 2017. Harvest yields have stabilized on average quantities, while the potential quality is high thanks to the valuable maintenance of good levels of acidity.

Tasting notes

Pale straw yellow in colour with greenish reflections. The delicate, understated fragrances proffer floral notes mixed with hints of almond. The palate is graceful, stylized, well-defined, taut and flavoursome.

Food pairings

The dry, non-sparkling style of Lugana in its simplest versions is excellent as an aperitif and paired with appetizers or freshwater fish such as trout, perch and whitefish. The versatility of this wine goes even further: the international appeal of the flavour of Lugana makes it a perfect match with raw fish, such as the Japanese preparations of sashimi and sushi and international variations on the theme. It is also ideal with salmon and tuna and goes perfectly with fish-based finger food. The ideal serving temperature (in wide tulip-shaped glasses for all versions) for baseline Lugana is 12°C.

The Jewels of the Treasure

TERRACOTTA AMPHORAE

SOLOSOLE Vermentino PAGUS CAMILLA Bolgheri D.O.C.

The Ancient Romans used the name Pagus to identify a rural area that was particularly valuable. This is the case with Pagus Camilla, part of the parcel of Le Sondraie, which is located near the creek of the same name. This area, with its alluvial sediments containing elevated mineral deposits, yields a 'rare', 100% Vermentino with intense aromas of citrus fruits and herbs that are typically Mediterranean, enhanced by the proximity of the sea. Vinification: the start of fermentation is characterized by maceration on the skins at a controlled temperature. Only after this phase the must is separated and fermented in stainless steel (70%) and terracotta amphorae (30%) at low temperatures.
Ageing: in stainless steel and terracotta amphorae on fine lees with battonage until June of the following year
Grapes: 100% Vermentino (Selection of Vermentino clones from Corsica)

TERRACOTTA AMPHORAE

CASSIOPEA Rosato PAGUS CERBAIA Bolgheri D.O.C.

The parcel produces a targeted selection of red grapes, Syrah and Cabernet Sauvignon, part of which ferments in amphorae and part in oak barrels. The wine stands out for its delicate scent, while on the palate it is lively, pristine and festive, and succeeds in delivering what we most desired: a persistent spicy note and a natural, full mouthfeel.
Vinification: in terracotta amphorae and french oak barrels with light maceration
Ageing: fermentation and ageing takes place 80% in terracotta amphorae and 20% in oak barrels
Grapes: 50% Syrah, 50% Cabernet Sauvignon

SAN POLO
MONTALCINO

BRUNELLO DI MONTALCINO D.O.C.G. RISERVA

At San Polo, the Riserva is only produced in truly exceptional years. During the first few days of each vintage's harvest, the finest, most perfectly formed clusters are meticulously monitored so that they achieve ideal ripeness. The healthiest and most mature grapes are then very carefully harvested and reviewed by hand in the winery, where imperfect berries and stray vegetation are removed from the clusters. Lengthy ageing and a judicious use of oak lend further elegance to this renowned Riserva wine. At San Polo, the Riserva epitomizes the quality and excellence that Allegrini strives for, with the utmost respect for the environment.
